✂ Fox Searchlight released a second “Juno” trailer on Thursday. While the international trailer takes a different direction than the first, it still features front and center the talent in Diablo Cody’s script. I have uploaded the new trailer to YouTube and embedded it below.

The first trailer, which was released in Sept. 2007, can be seen below.

Indeed, it’s proving to be one of the year’s best and certainly one of the year’s top surprises. The film opens on Dec. 5 in limited theaters.
