Here's the "Traitor" plotline ([source](#) [2]):

When strait-arrow FBI agent Roy Clayton (Guy Pearce) heads up the investigation into a dangerous international conspiracy, all clues

seem to lead back to former U.S. special operations officer Samir Horn (Don Cheadle).

A mysterious figure with a web of connections to terrorist organizations, Horn has a knack for emerging on the scene just as a major operation goes down. The task force links Horn to a prison break in Yemen, a bombing in Nice and a raid in London, but a tangle of contradictory evidence emerges.

This forces Clayton to question whether his quarry is a disaffected former military operative or something much more complicated.

Obsessed with discovering the truth, Clayton tracks Horn across the globe as the elusive ex-soldier burrows deeper and deeper into a world of shadows and intrigue.
