Adam Sandler is making a new Hollywood comedy – about stand-up comics. The actor will team up with 40-Year-Old Virgin director Judd Apatow for the new film, which has yet to be titled. The movie will also star Seth Rogan, who let slip the news at a film screening on Friday. Sandler

– who was flat-mates with Apatow when both were first starting out – admitted: 'I haven't done stand-up in, like, 10 years.
