“Comedy. The fun, the fashion, the friendship: “Sex and the City 2” brings it all back and more as Carrie (Sarah Jessica Parker), Samantha (Kim Cattrall), Charlotte (Kristin Davis) and Miranda (Cynthia Nixon) take another bite out of The Big Apple—and beyond—carrying on with their busy lives and loves in a sequel that truly sparkles. What happens after you say “I do”? Life is everything the ladies ever wished it to be, but it

wouldn't be "Sex and the City" if life didn't hold a few more surprises...this time in the form of a glamorous, sun-drenched adventure that whisks the women away from New York to one of the most luxurious, exotic and vivid places on earth, where the party never ends and there's something mysterious around every corner. It's an escape that comes exactly at the right moment for the four friends, who are finding themselves in—and fighting against—the traditional roles of marriage, motherhood and more. After all, sometimes you just have to get away with the girls."

Now they want to use human DNA in a hybrid that could revolutionize science and medicine. But when the pharmaceutical company that funds their research forbids it, Clive and Elsa secretly conduct their own experiments. The result is Dren, an amazing, strangely beautiful creature that exhibits uncommon intelligence and an array of unexpected physical developments. And though, at first, Dren exceeds their wildest dreams, she begins to grow and learn at an accelerated rate—and threatens to become their worst nightmare.”

“Jonah Hex”

Director: Jimmy Hayward

Writers: Neveldine & Taylor

“Adventure Thriller. Jonah Hex (Josh Brolin) is a scarred drifter and bounty hunter of last resort, a tough and stoic gunslinger who can track down anyone...and anything. Having survived death, Jonah's violent history is steeped in myth and legend, and has left him with one foot in the natural world and one on the “other side.” His only human connection is with Lila (Megan Fox), whose life in a brothel has left her with scars of her own. Jonah's past is about to catch up with him when the U.S. military makes him an offer he can't refuse: in exchange for his freedom from the warrants on his head, he must track down and stop the dangerous terrorist Quentin Turnbull (John Malkovich). But Turnbull, who is gathering an army and preparing to unleash Hell, is also Jonah's oldest enemy and will stop at nothing until Jonah is dead. Based on the legendary character from the graphic novels, “Jonah Hex” is an epic adventure thriller about one man's personal quest for redemption against the vast canvas of the battle between good and evil.”

“Inception’

Release Date: July 16th, 2010

Director/Writer: Christopher Nolan

“Sci-Fi Action. Acclaimed filmmaker Christopher Nolan directs an international cast in an original sci-fi actioner that travels around the globe and into the intimate and infinite world of dreams. Dom Cobb (Leonardo DiCaprio) is a skilled thief, the absolute best in the dangerous art of extraction, stealing valuable secrets from deep within the subconscious during the dream state when the mind is at its most vulnerable. Cobb's rare ability has made him a coveted player in this treacherous new world of corporate espionage, but it has also made him an international fugitive and cost him everything he has ever loved. Now Cobb is being offered a chance at redemption. One last job could give him his life back but only if he can accomplish the impossible—inception. Instead of the perfect heist, Cobb and his team of specialists have to pull off the reverse: their task is not to steal an idea but to plant one. If they succeed, it could be the perfect crime. But no amount of careful planning or expertise can prepare the team for the dangerous enemy that seems to predict their every move. An enemy that only Cobb could have seen coming. This summer, your mind is the scene of the crime.”

Kitty Galore, formerly an agent for cat spy organization MEOWS, has gone rogue and hatched a diabolical plan to not only bring her canine enemies to heel, but take down her former kitty comrades and make the world her scratching post. Faced with this unprecedented threat, cats and dogs will be forced to join forces for the first time in history in an unlikely alliance to save themselves - and their humans - in “Cats & Dogs: The Revenge of Kitty Galore,” a comedy that blends live action with state-of-the-art puppetry and computer animation. "Going The Distance"

Director: Nanette Burstein

Writer: Geoff LaTulippe

Cast: Drew Barrymore, Justin Long, Charlie Day, Jason Sudeikis, Ron Livingston, Jim Gaffigan, Kelli Garner, Rob Riggle, Christina Applegate

"Romantic Comedy. Erin's (Drew Barrymore) wry wit and unfiltered frankness charm newly single Garrett (Justin Long) over beer, bar trivia and breakfast the next morning. Their chemistry sparks a full-fledged summer fling, but neither expects it to last once Erin heads home to San Francisco and Garrett stays behind for his job in New York City. But when six weeks of romping through the city inadvertently become meaningful, neither is sure they want it to end. And while Garrett's friends, Box (Jason Sudeikis) and Dan (Charlie Day), joke about his pre-flight calorie-cutting and his full-time relationship with his cell phone, they don't like losing their best drinking buddy to yet another rocky romance. At the same time, Erin's high-strung, overprotective married sister, Corrine (Christina Applegate), wants to keep Erin from heading down an all-too-familiar road. But despite the opposite coasts, the nay-saying friends and family, and a few unexpected temptations, the couple just might have found something like love, and with the help of a lot of texting, sexting and late-night phone calls, they might actually go the distance."
