Here is the plot description for “Sanctum”:

The 3-D action/thriller “Sanctum” from executive producer James Cameron follows a team of underwater cave divers on a treacherous expedition to the largest, most beautiful and least accessible cave system on Earth. When a tropical storm forces them deep into the caverns, they must fight raging water, deadly terrain and creeping panic as they search for an unknown escape route to the sea.

Master diver Frank McGuire (Richard Roxburgh) has explored the South Pacific’s Esa-ala Caves for months. But when his exit is cut off in a flash flood, Frank’s team – including 17-year-old son, Josh (Rhys Wakefield), and financier Carl Hurley (Ioan Gruffudd) – are forced to radically alter their plans. With dwindling supplies, the crew must navigate an underwater labyrinth to make it out. Soon, they are confronted with the unavoidable question: Can they survive or will they be trapped forever?

Shot on location off the Gold Coast in Queensland, Australia, “Sanctum” employs 3-D photography techniques Cameron developed to lens “Avatar”. Designed to operate in extreme environments, the technology used to shoot the action/thriller will bring audiences on a breathless journey across plunging cliffs and into the furthest reaches of our subterranean world.
