Here is the plot description for "Beats Rhymes & Life: The Travels of a Tribe Called Quest":

"Beats Rhymes & Life: The Travels of a Tribe Called Quest" is a documentary film directed by Michael Rapaport about one of the most influential and groundbreaking musical groups in hip-hop history.

Having released five gold- and platinum-selling albums within eight years, A Tribe Called Quest has been one of the most commercially successful and artistically significant musical groups in recent history. They're regarded as iconic pioneers of hip hop. The band's sudden break-up in 1998 shocked the industry and saddened its scores of fans whose appetite for the group's innovative musical stylings never seems to diminish.
