Here is the plot description for "Senna":

Ayrton Senna's remarkable story – charting his physical and spiritual achievements on the track and off, his quest for perfection and the mythical status he has attained – is the subject of "Senna": a documentary that spans the racing legend's years as a Formula One

driver from his opening season in 1984 to his untimely death a decade later.

Far more than a film for F1 fans, “Senna” unfolds a remarkable story in a remarkable manner. The film eschews many standard documentary techniques in favor of a more cinematic approach that makes full use of astounding footage much of which is drawn from F1 archives and previously unseen.
