Here is the synopsis for "Owl City: Live From Los Angeles":

Filmed at Club Nokia in Los Angeles this past July, the full 21-track concert was released on iTunes in North America on Dec. 6, 2011. The DVD and Blu-ray versions, which will be released worldwide on Feb. 7, 2012, will include bonus features (backstage footage and an exclusive interview) in addition to the concert.

Owl City exploded onto the scene with the success of his major label debut "Ocean Eyes". Released by Universal Republic Records in July 2009, the album topped the Billboard rock, alternative and dance/electronic charts and was certified platinum in the U.S. It also spawned the quadruple platinum hit "Fireflies," which hit No. 1 in 24 countries including twice in the U.S.

Owl City then went on his first-ever tour as the headliner and sold out shows across four continents – scarcely taking a break until it was time to record a new album. In the winter of 2010, the electro/pop aficionado went back into the basement where it all began and recorded his sophomore release "All Things Bright & Beautiful," which was released on June 14, 2011.

That same week, Owl City kicked off another worldwide headlining tour bringing with him some new songs as well as his exciting live show. The 76-date trek took the band across North America, Europe, Asia and Australia. The "Owl City: Live From Los Angeles" DVD release comes as the "All Things Bright & Beautiful" world tour draws to a close.

"Owl City: Live From Los Angeles" will give fans a rare chance to see into the world of Owl City and experience the excitement of his live show intimately with the mastermind behind the project: Adam Young.
