CHICAGO – The companies behind Alex Kurtzman's "People Like Us" had no idea what to do with their crowd-pleasing melodrama, arguably releasing it at the worst possible time of the year for a tiny movie to not get swept away by bigger blockbusters. The result was a dud in theaters but should get strong word-of-mouth on the home market, helped amply by a stellar Blu-ray/DVD release.

Rating: **3.5/5.0**

"People Like Us" is an old-fashioned crowd pleaser. It's the kind of melodramatic adult movie that just gets buried in the summer season but could have found a decent audience in the Spring or Fall and will almost certainly get solid word-of-mouth on the home market. It features the best work of Chris Pine's career along with a solid turn from Michelle Pfeiffer, an actress who never gets enough attention. Is it cheesy? Sure. But if you're looking for a good cry on a Saturday night instead of just another action flick, you should take a look.
