Here is the synopsis for “Silent Hill: Revelation 3D”:

For years, Heather Mason and her father, Harry, have been on the run – one step ahead of dangerous forces she does not understand. Now, on the eve of her 18th birthday while being plagued by terrifying nightmares and her father’s disappearance, Heather discovers she is not who she thinks she is. The revelation leads her deep into a demonic world that threatens to trap her in Silent Hill forever.

“Silent Hill: Revelation 3D” is based on Konami’s acclaimed survival horror video game franchise, but the film takes us beyond a mere adaptation.

While it is a sequel to the first film (“Silent Hill,” directed by Christophe Gans in 2006), this new installment stands on its own for new audiences. It will not only provoke shivers but will undoubtedly strike a deep personal chord with many viewers (including those familiar with the “Silent Hill” world and those just discovering it).

Samuel Hadida produced the film as well as the first “Silent Hill” film. He has also produced all the “Resident Evil” films.
