CHICAGO – Starfire from the TV series “Titans” has heroically taken on another persona. Actor Anna Diop breaks out as the title character in “Nanny,” an Amazon Studios film getting a limited release in theaters on November 23rd, before streaming on the Prime Video platform beginning on December 16th.

Rating: **4.5/5.0**

“Nanny” is a multi-layered and engrossing story about a caregiver in New York City named Aisha (Anna Diop), who works for an upscale couple looking after their child. She is originally from the African country of Senegal, and had to leave her young son behind to establish a new life in America. Written and directed by Nikyatu Jusu, this film won the U.S. Dramatic Grand Jury Prize at the Sundance Film Festival for its incisive view of class structures and immigrant experiences in America, and the ramifications of decisions that are calculated into a survival instinct.
