CHICAGO – Did you think we’d just leave you watching that leaked version of the third “[The Twilight Saga: New Moon](#) [13]” trailer [two days ago](#) [16] in crappy quality? No way, kind sirs and maams! We just got our hands on the HD version and it’s below for your viewing pleasure now!

This HD version of the new “The Twilight Saga: New Moon” trailer was aired on Sept. 13, 2009 at the 2009 MTV Video Music Awards. You can also watch this trailer in full-screen mode by clicking the little button on the lower-right corner of the HollywoodChicago.com video player player.

“The Twilight Saga: New Moon” stars Robert Pattinson, Kristen Stewart, Taylor Lautner, Ashley Greene, Peter Facinelli, Elizabeth Reaser, Kellan Lutz, Nikki Reed and Bronson Pelletier from director Chris Weitz. “The Twilight Saga: New Moon” is slated to hit theaters on Nov. 20, 2009.

Here’s the plot description for “The Twilight Saga: New Moon” from Summit Entertainment:

In the second installment of Stephenie Meyers phenomenally successful “[Twilight](#) [14]” series, the romance between mortal and vampire soars to a new level as Bella Swan (Kristen Stewart) delves deeper into the mysteries of the supernatural world she yearns to become part of only to find herself in greater peril than ever before.

Following Bella’s ill-fated 18th birthday party, Edward Cullen (Robert Pattinson) and his family abandon the town of Forks, Wash. in an effort to protect her from the dangers inherent in their world. As the heartbroken Bella sleepwalks through her senior year of high school – numb and alone – she discovers that Edward’s image comes to her whenever she puts herself in jeopardy. Her desire to be with him at any cost leads her to take greater and greater risks.

With the help of her childhood friend, Jacon Black (Taylor Lautner), Bella refurbishes an old motorbike to carry her on her adventures. Bella’s frozen heart is gradually thawed by her budding relationship with Jacob – a member of the mysterious Quileute tribe – who has a supernatural secret of his own.

When a chance encounter brings Bella face to face with a former nemesis, only the intervention of a pack of supernaturally large wolves saves her from a grisly fate. The encounter makes it frighteningly clear that Bella is still in grave danger. In a race against the clock, Bella learns the secret of the Quileutes and Edward’s true motivation for leaving her.

She also faces the prospect of a potentially deadly reunion with her beloved that is a far cry from the one she’d hoped for. With more of the passion, action and suspense that made “Twilight” a worldwide phenomenon, “The Twilight Saga: New Moon” is a spellbinding follow-up film to the box-office hit.
