Here is the plot description for “Capitalism: A Love Story”:

> On the 20-year anniversary of his groundbreaking masterpiece “Roger & Me,” Michael Moore’s “Capitalism: A Love Story” comes

home to the issue he has been examining throughout his career: the disastrous impact of corporate dominance on the everyday lives of Americans (and, by default, the rest of the world).

But this time, the culprit is much bigger than General Motors and the crime scene far wider than Flint, Mich. From Middle America to the halls of power in Washington to the global financial epicenter in Manhattan, Michael Moore will once again take filmgoers into uncharted territory.

With both humor and outrage, Michael Moore's "Capitalism: A Love Story" explores a taboo question: What is the price that America pays for its love of capitalism? Years ago, that love seemed so innocent. Today, however, the American dream is looking more like a nightmare as families pay the price with their jobs, homes and savings.

Moore takes us into the homes of ordinary people whose lives have been turned upside down. He goes looking for explanations in Washington, D.C. and elsewhere. What he finds are the all-too-familiar symptoms of a love affair gone astray: lies, abuse, betrayal… and 14,000 jobs being lost every day.

"Capitalism: A Love Story" is both a culmination of Moore's previous works and a look into what a more hopeful future could look like. It is Michael Moore's ultimate quest to answer the question he has posed throughout his illustrious filmmaking career: Who are we and why do we behave the way we do?

The movie trailer for "Capitalism: A Love Story" can be viewed now below.

To secure your free "Capitalism: A Love Story" pass, you must be logged into your HollywoodChicago.com Web site account.
