CHICAGO – “Mad Money” rolled out a glitzy red carpet in Los Angeles on Wednesday and we have the photos to show it. We selected the best 14 and created a [new image gallery](#) [11] for the film premiere, which marks the first film release by Katie Holmes since her marriage to Tom Cruise.

Cruise, who’s not in the film, was there at the Overture Pictures shindig along with co-stars Diane Keaton, Queen Latifah and Ted Danson. A few Getty Images photos from the event can be seen below and the rest are in our [new “Mad Money” gallery](#) [11].

The film, which centers around three female Federal Reserve employees who plot to steal money that’s about to be destroyed, opens on Jan. 18. “Mad Money” is directed by Callie Khouri who can be remembered for the appalling 2002 film “Divine Secrets of the Ya-Ya Sisterhood”.
